

Webex Board instructions for room G110

Make sure that all cables are installed as shown in the picture. Start the projector using the "Proj on" button

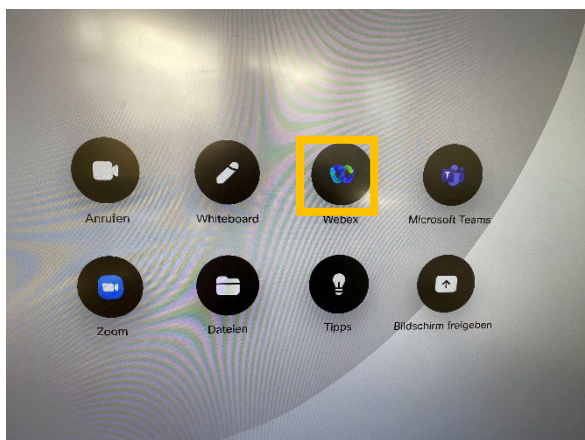

Touch the Webex Board screen and start the system.

Connect your PC or Mac with the appropriate connector (USB-C, HDMI or DisplayPort) of the cable provided. (The cable in the black tube is only for use with a projection without Webex)

On your laptop, only open your presentation. Important! Do not log in to Webex with your laptop.

Tap the Webex icon

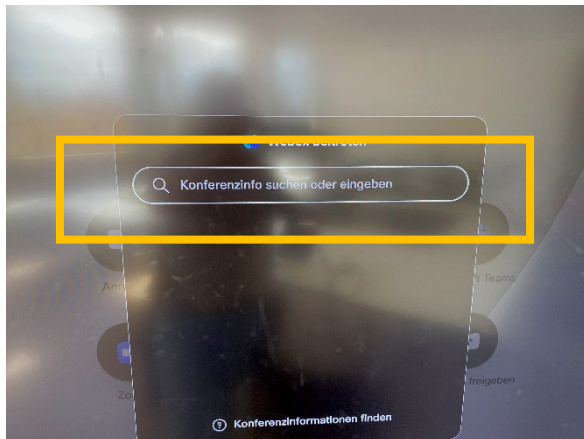

Medientechnik Geo-Campus Lankwitz: Tel: 030 838 50102 medientechnik@geo.fu-berlin.de

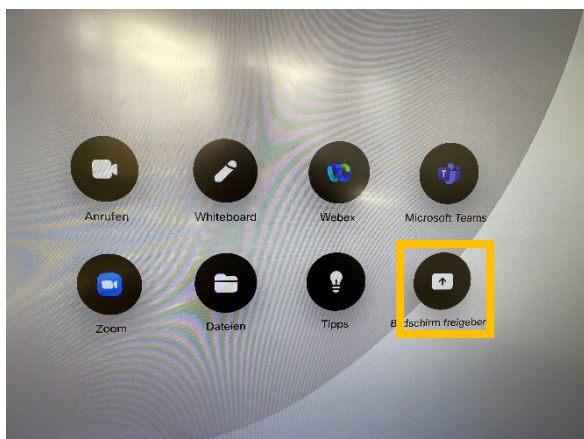

Support for Webex: FUB-IT Tel: 030 838 77777 service@fu-berlin.de

More information about Webex: www.it.fu-berlin.de/unsere-services/services-a-z/chat-und-videokonferenzplattform/index.html

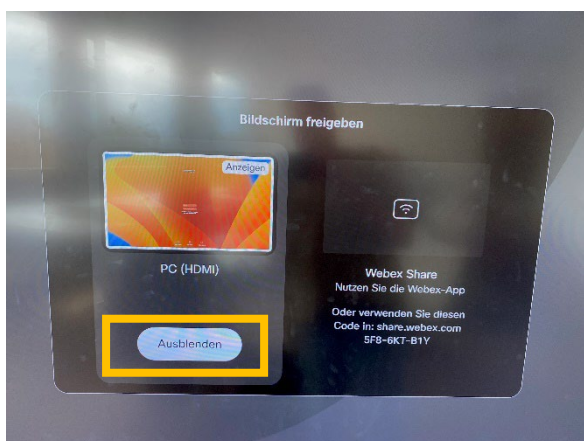

Enter the meeting ID here.

Touch the share icon

Share your presentation from your notebook

At the end, press "Leave Meeting" to end the meeting. Turn off the projector using the "Proj off" button
