What is ORCID?

- ORCID is an open, not-for-profit organization run by and for the research community
- ORCID provides you with a unique identifier, your ORCID iD, that reliably and clearly connects you with your research contributions and affiliations
- You can use your iD in hundreds of systems – from grant application and manuscript submission to CRIS and other research information management systems, and more!

What's in a Name?

Most names are not unique

Many people have the same name

Names may change through marriage or other circumstances

People use different versions of their name during their career

Individuals use different alphabets, abbreviations, or naming conventions

1. Uniquely identifies a person (regardless of identical names, name changes, or multiple spellings)
2. Clear attribution of biographical information and individual research output (e.g. publications, research data, software)
3. Enables automatically updating publication lists
4. Privacy protection, data protection
5. Simplifies communication with funding organizations, expert associations, publishers and repositories

ORCID + Researchers

All your research information accessible
via your own unique profile,
to be used wherever you need it.

Don't have an ORCID yet?

REGISTER FOR YOUR ORCID NOW

ORCID, which stands for **Open Researcher and Contributor ID**, is a free, unique, persistent identifier for individuals to use as the primary means of identifying their scholarship, and to link their research records across disciplines,

Learn how ORCID can help you spend more time conducting your research and less time managing it.
