

Preliminary schedule for poster presentation

| Session | No | Title and project information |
|----------|----|--|
| 1 | 1 | STARDISK - Simulating Dense Star-Gas Systems in Galactic Nuclei using Special Hardware |
| | 2 | Gravitating dyons, dyonic monopole-antimonopole systems and black holes |
| | 3 | Electron spin resonance of kondo ions in heavy fermion compounds: theory and experiment |
| | 4 | Quantum field theory and quantum Monte Carlo approaches to the Bose-Einstein condensation |
| | 5 | Research and development of flux action mechanism in welding of aluminium alloys |
| | 6 | Novel Macrocyclic Tetrakisphosphines via Self-Assembly in Three-Component Systems of Secondary Bisphosphines, Formaldehyde and Primary Amines |
| | 7 | Improvement of properties of the central nervous system analgesic Prosidol and of two local anaesthetics by beta-Cyclodextrin inclusion formation |
| | 8 | ATP signalling in motor and sensory neurons |
| | 9 | Biodiversity and Evolution of the Central Asian and Caucasian vipers (Viperidae) |
| | 10 | Ecological genetics of local adaptation to the contrasting climates of Central Asia and Central Europe in the model plant <i>Arabidopsis thaliana</i> |
| | 11 | On the simultaneous use of environmental heat and solar irradiance with a multicomponent solar thermal system connected to the central heating net in Bishkek and PhD scholarship for Janybek Orozaliev on the topic: Optimization of the air-to-water heat exchanger configuration and system integration in multicomponent solar thermal systems |
| | 12 | Hazard assessment and outburst flood estimation of naturally dammed lakes in Central Asia |
| | 13 | The impact of the transformation process on human-environmental interactions in southern Kyrgyzstan |
| | 14 | Landuse, eco system services and human welfare in Central Asia (LUCA) – An interdisciplinary framework for the promotion of young scientists in Central Asia |
| | 15 | Establishment of a Graduate School for Animal Sciences at the Kyrgyz Agrarian University in Bishkek |
| 2 | 16 | Artificial irrigation and the encounter between the center and the periphery. The example of Central Asia in the 19th and 20th centuries |
| | 17 | According to salt: an ethnography of customary law in Talas, Kyrgyzstan |
| | 18 | Cataloguing Arabic-script Documents at the Samarqand State Museum of History, Art and Archaeology |
| | 19 | International Colloquium "Soviet and Post-Soviet Oriental Studies on the Caucasus and Central Asia: Between Scholarship and Politics" |
| | 20 | Visiting fellowship of Zaynobidin Abdirashidov (Uzbekistan) in connection with a doctoral dissertation on the topic "Ismail Gasprinski (1851-1914) and Turkistan in the early 20th century: Communication - Relationships - Influences and Effect" |
| | 21 | Post-graduate stipend program "Comparative Studies on Eurasian Law" |
| | 22 | Breaking Free from the Law - in Search of Justice. Soviet legal experts and the establishment of the legal system in Tajikistan, 1924-1941 |
| | 23 | Islamic education in the Soviet Union and post-Soviet states |
| | 24 | Arab-Islamic organizations in present-day Kazakhstan: Exogenous influence on the Islamic renewal of local society |
| | 25 | Political and Economic Challenges of Resource-Based Development in Kazakhstan and Azerbaijan |
| | 26 | Kazakhstan. Methods of risk evaluation in a resource-intensive economy |
| | 27 | Marketing and communication. Program of studies and further education on the topic of "Tourism" for the Ufa State Institute for Service (Ufa Bashkortostan) |
| | 28 | Participation in nation building and cooperation on development policy in Central Asia: The examples of Kyrgyzstan and Tajikistan |
| | 29 | The role of the security sector for the stability and dynamics of governance in the semi-authoritarian and authoritarian states of Central Asia |
| | 30 | Vocational education in post-Soviet Kazakhstan. An analysis of the current situation with particular regard to the job market |
