

Geowissenschaftliches Kolloquium Sommersemester 2020

postponed

einladender Dozent
Andreas Winkler

Exploration of the Moon: What we learned from Apollo

Prof. Dr. Ralf Jaumann (Freie Universität Berlin)

postponed

einladender Dozent
Ralf Milke

The fate of PGE during mantle melting

Prof. Dr. Astrid Holzheid (Christian-Albrechts-Universität zu Kiel)

postponed

einladender Dozent
Elis Hoffmann

Getting to the bottom of Archaean Crust

Dr. Nicholas Gardiner (University of St Andrews - UK)

14. Mai 2020

einladender Dozent
Timm John

From chemical zoning to the long-term stress-state in the continental lithosphere

Prof. Dr. Lucie Tajcmanova (Ruprecht-Karls-Universität Heidelberg)

postponed

einladender Dozent
Mark Handy

Uplift of Anatolia – When and how?

Prof. Dr. Aral Okay (Istanbul Technical University - Turkey)

28. Mai 2020

einladende Dozentin
Lena Noack

Magma oceans and wet planets

Dr. Saswata Hier-Majumder (Royal Holloway University of London - UK)

postponed

einladender Dozent
Serge Shapiro

Geophysical monitoring of CO₂ geosequestration: experience from the CO₂CRC Otway Project, Victoria, Australia

Prof. Dr. Boris Gurevich (Curtin University - Australia)

11. Juni 2020

einladender Dozent
Timm John

The Earth's deep water cycle

Prof. Dr. Jörg Hermann (Universität Bern - Switzerland)

postponed

einladender Dozent
Timm John

Cenozoic alkaline and carbonatitic magmatism in SW Germany

Dr. Michael Marks (Eberhard Karls Universität Tübingen)

postponed

einladender Dozent
Lorenzo Gemignani

Dynamics of 2018 Kilauea eruption

Dr. Alberto Roman (NASA Jet Propulsion Laboratory - California Institute of Technology - USA)

25. Juni 2020

einladender Dozent
Marco Bohnhoff

Geochemistry of gases in active fault zones

Dr. Thomas Wiersberg (GFZ Potsdam)

postponed

einladender Dozent
Frank Postberg

Dr. Gabriel Tobie (University of Nantes - France)

9. Juli 2020

einladender Dozent
Michael Schneider

Groundwater contamination from fluoride in India - Sources and mitigation measures

Dr. Brindha Karthikeyan (Freie Universität Berlin)

Jeweils donnerstags **16.15 Uhr**

Koordination: Dr. G.A. Hei

Institut für Geologische Wissenschaften
Groer Hrsaal (C.011), Haus C
Malteserstrasse 74-100
12249 Berlin
